

»» WHAT IS RALLY RACING?

Rally Racing uses modified road legal vehicles to safely get from point A to B as quickly as possible. This means real-world scenarios you see on a daily basis; rain, snow, and dirt. Learning the car-control skills involved in rally can help a racer attack competitive stages, or used on daily commutes to safely navigate your way to work, school or the store.

»» ASPIRE

If you've ever dreamt of tackling competitive rally stages, Team O'Neil's Motorsports Division trains the highest-level rally competitors in North America. Our Team provides full Arrive and Drive Packages at competitive rallies. Team O'Neil also serves as the US distributor for M-Sport rally cars, parts and can provide complete rally car builds.

»» COURSES

Our rally courses range from 1-5 days in length, courses are based on a progressive curriculum so days can be split between multiple visits. Training begins with FWD vehicles on our skidpad and slalom courses, students progress into AWD and RWD vehicles and utilize our 6 miles of rally roads. By day 5 students are running simulated rally stages with or without a navigator.

»» PLAN YOUR VISIT

Located in New Hampshire's scenic White Mountains, Team O'Neil is located just over 2 hours north of Boston, MA in close proximity to several international airports. Nearby Littleton, NH provides a wide array of dining and lodging options.

It's something we'll always look back on and say - this was a high-point, and a good thing that we were able to do together.

WHAT IS TEAM O'NEIL RALLY SCHOOL?

Founded over 20 years ago by 5-time North American rally champion Tim O'Neil, Team O'Neil is located in New Hampshire's White Mountains and is North America's leading loose surface driver training facility. Our team is proud to provide an authentic rally setting and experience.

Team O'Neil features dirt, gravel and snow driving courses that include rally driving, winter safe driving, off-road and security courses. Our courses are ideal for every type and ability of driver.

ALL ABILITIES

From introductory one-day, to in-depth five-day courses. Team O'Neil offers recreational and educational experiences truly appropriate for everyone, including new drivers.

FUN

Obviously, learning is priority one, but a strong emphasis is placed on students having fun behind the wheel while learning from their successes/failures.

FACILITY

600 acres, two dedicated skid-pad and slalom training areas, 70+ school cars and over 6 miles of authentic rally roads with elevation changes, every combination of turns, jumps and more!

INSTRUCTORS & CURRICULUM

Our instructors are the most critical part of Team O'Neil. Team O'Neil's instructors are full-time, year-round employees, including multiple rally champions. Refined over 20 years, our curriculum guides you from skid pad to attacking complex rally roads in every type of vehicle.

CARS

Students begin in front-wheel drive (Ford Fiestas) and progress into all-wheel drive (Subaru Imprezas) and rear-wheel drive (BMW 3 Series). Day 4 and 5 students and specialty courses may include Ford Fiesta ST's, Subaru WRX's, and Ford Focus RS's.

ALUMNI

Past students include Ken Block, Travis Pastrana, Greg Biffle, Ricky Carmichael, Henry Ford III, and all branches of the U.S. Military
